Service Descriptions

Volunteer Program Assessment	VA will review your volunteer program and provide feedback and analysis to guide your work forward. The Review Tier includes document review and analysis. The Interview Tier includes document review and analysis, as well as interviews with volunteers.
Volunteer Program Implementation	VA will complete all components of the assessment above and support the implementation of recommended changes. The Planning Tier includes assessment, policy and procedure drafting, and presentations to your board or senior leadership team. The Support Tier includes everything above, plus bi-weekly follow-up meetings for 3-4 months, as well as edits to drafted documents as needed.

Terms and Conditions

- VA will select a pricing model for your project based on your organization's needs and budget.
- These costs do not include travel fees for cross-province travel. If travel is required for the contract, this will be calculated separately and include mileage, accommodation, food, supplies, and a 10% non-refundable contingency fee.
- In the spirit of equity and accessibility, we never want cost to prevent nonprofit and voluntary organizations from accessing the support they need. If pricing is a concern, please connect with us to talk through your needs -- we're always open to finding a path forward together.
- Any FCSS, even those that are considered departments of the municipality/region they're located in, are considered community organizations.
